CoC GENERAL ORIENTATION

The CoC supports an inclusive process to allocate funds and manage on-going Continuum of Care for the Homeless issues. This training, normally offered in the middle of the CoC Process, is instead being offered after the grant is completed due to the short timeframe in 2009.

This training is designed to give participants a basic understanding of the CoC process, CoC funding, requirements, and language used by HUD. Recommended for new staff in existing CoC agencies, agencies new to the CoC process, and/or agencies considering application through the CoC in the future. REGISTRATION REQUIRED -- Register online at www.cincinnatioc.org
